

## **OPTIMIZE YOUR PET COMPANION'S HEALTH & NATURAL LIFESPAN!**

**WellyTails™ Evidence Based  
“Natural Health Factors” Dietary  
Nutritional Supplements Are An  
Easy Way For You To Help Keep  
Your Pet Friends A Picture Of  
Excellent Health & Vitality.**

**WELLYTAILS™** products are a complete combination of evidence based ingredients with effective label dosages that commonly replace 2 – 5 individual competing supplement products. WellyTails helps to prevent five common pet health problem areas:

- Reduces Dry Itchy Skin and Shedding Dull Coats
- Supports Healthy Hips, Joints and Cartilage - reduced joint pain improves older pets mobility and activity
- Aids the digestion of high temperature processed cereal and meat meal containing pet foods maximizing nutrient adsorption and gut transit times.
- Helps boost Immune System Health helping the pet fight stress / diseases and live a longer healthier life
- Antioxidant Phytonutrients and Organic Chelated Minerals to counteract cancer causing “Free Radicals”

WellyTails offers a complete line of life stage age specific and condition specific holistic natural dietary supplement powders. These supplement powders are formulated to be added, sprinkled on dry or made into a tasty succulent gravy, daily on top of your pet’s regular food in order to ensure that natural holistic health and life span optimizing nutrient factors are present in your pet companion’s daily diet.

Supplementing your pet companion’s current food with WellyTails will provide these health promoting and health protecting “Natural Health Factors” necessary for excellent long term health and a happy natural long lifespan.

# CONDITION SPECIFIC HEALTH SUPPORT FACTOR PRODUCTS

## RX CARTILAGE, HIP & JOINT HEALTH SUPPORT FACTORS

For dogs that already have damaged or worn cartilage and suffer from painful joint pains and reduced mobility we offer an unsurpassed and extremely effective evidence based multi function ingredient formulation for Cartilage, Hip and Joint dietary supplement therapy. Contains: Hyaluronic Acid, Glucosamine HCL, Chondroitin Sulphate, MSM, New Zealand Greed Lipped Mussels, Shark Cartilage & Tart Red Cherry Powder.

## RX DIGESTION AID & IMMUNITY SYSTEM HEALTH SUPPORT FACTORS

A large number of dogs have great difficulty digesting grains and the high temperature processed meat powders and meat meals typically found in today's pet foods. For dogs that notoriously have bad breath, suffer bloating, have very smelly stinking gas / flatulence and stools / feces odours. Contains: multiple digestive enzymes, 6 way blend of proven probiotics and prebiotics, a unique digestion system health yeast strain, special digestive spice oil extracts, yucca extract concentrate, toxin binding earths. The added benefit of added probiotics and prebiotics is the tremendous boost of Immune System Health which helps fight off diseases, premature aging and cancer.

## RX KENNEL & VET VISIT STRESS DIARRHEA RESCUE FACTORS

Kennel stays and visits to the veterinarian are often very stressful experiences. You can proactively provide immune boosting support BEFORE you have to take your dog to the kennel for a stay or the veterinary clinic. Providing Immune System health support immediately after a visit is also very helpful however "An Once of Prevention is Worth a Pound of Cure." Contains: Bovine Colostrum, 6 way blend of proven probiotics, spice oil extracts, yucca extract concentrate, toxin binding earths and Chia Seed.

# LIFE STAGE SPECIFIC HEALTH SUPPORT FACTOR PRODUCTS

## PUPPY DOG SMART START HEALTH FACTORS

You can help give your newest family member a jump start for a life of excellent health and a happy long natural life by showering lots and lots of love and attention on them and making sure that they get ALL of the “Natural Health Factors” that they need. + Extra high amounts of DHA & EPA Omega-3 for support of brain development for a smarter more easily trained puppy; + Bovine Colostrum and friendly beneficial Probiotic Bacteria for powerful Immunity System health boosting support to help fight off diseases and reduction in the likely-hood of allergies developing in later life.

## ADULT DOG LONG LIFE HEALTH FACTORS

Help give your family member excellent health and a happy long natural life by providing the “Natural Health Factors” most lacking in today’s “least cost formulated” typical grain containing, high temperature processed dog foods by simply adding our high quality combination dietary supplement. + Skin health and glossy coat support from ALL 3 Omega-3’s ALA, DHA & EPA + GLA Omega-6 “The Good Omega-6” and Organic Chelated Zinc; + Probiotic Immunity System health boosting support; + Digestive Enzymes + Cartilage and joint health support from Glucosamine HCL and MSM + Protection from cancer causing “free radicals” from Phytonutrients and Antioxidants, Toxin Binding Earths plus Organic Chelated Selenium.

## SENIOR DOG VITALITY & LONGEVITY FACTORS

Your senior dog family member has some very special “Natural Health Factors” nutritional needs in order to maintain their excellent health and an extended long natural life. + Cartilage and joint health support from Hyaluronic Acid HMW, Glucosamine HCL, MSM, Tart Red Cherry fruit powder and other natural ingredients + Increased DHA & EPA Omega-3 for support of eyes and brain + Immunity System health boosting support + Digestive enzymes to aid in the digestion of food and treats + Skin and glossy coat support from ALL 3 Omega-3’s ALA, DHA & EPA + GLA Omega-6 “The Good Omega-6” and Organic Chelated Zinc + Cancer fighting Phytonutrients and Antioxidants + Cranberry fruit powder for kidney and urinary tract health support + L-carnitine for sustained energy release and weight management.

**WELLYTAILS™ Evidence Based “Natural Health Factors” Dietary Nutritional Supplements Are A Convenient And Easy Way For You To Be Sure That Natural, And Vital Health Promoting And Health Protecting Factors Lacking In Your Pet’s Foods Are Made Available To Them On A Daily Basis.**

***TODAY’S PET FOODS ARE HIGH TEMPERATURE PROCESSED AND OFTEN CONTAIN LARGE AMOUNTS OF DIFFICULT TO DIGEST GRAINS, BY PRODUCTS AND TWICE HIGH TEMPERATURE COOKED MEAT INGREDIENTS!***

Modern “least cost formulated” high temperature processed pet foods are enzyme and beneficial bacteria “dead” almost sterile and difficult to digest foods. These foods often result in our beloved pet family members needlessly suffering from common health problems and shortened lives.

***HIGH TEMPERATURE PROCESSED PET FOODS INCLUDING NATURAL AND ORGANIC CAT AND DOG FOODS ARE MISSING CRITICAL NATURAL HEALTH PROMOTING & PROTECTING INGREDIENTS***

Holistic veterinary clinics and holistic pet nutrition professionals recommend that pet parents feed their pet family members a recommended trusted natural/ organic brand of pet food AND ADD a dietary nutritional supplement to their food daily.

Choose a holistic, high quality, evidence based, multiple health issue protective natural pet supplement. One that provides much more than just simple “diluted out” pet vitamins and minerals or outdated ineffective ingredients.

## **WellyTails Product Packaging Indicate Country of Origin Labels “COOL”**

It is very important for us to know who makes our ingredients, where our ingredients come from and how they are stored and produced. We know that it is also very important to you. We make our own products, in our own facility and do not have any of our production or packaging outsourced.

When we attend consumer or pet industry trade shows we openly display our ingredients and offer visitors to our exhibit booth an opportunity to smell and even taste the ingredients that we use to create our various WellyTails product formulas with. It is very rare to see fellow exhibitors displaying the ingredients that they actually do put into the pet food bag or can –our competitors that make pet supplements will very rarely showcase the ingredients that they actually use! They almost always do show lots of pretty stylized ingredient pictures on their packaging though!
